

# End of Life Care - Advance Care Planning

## A workshop for care workers in domiciliary and care home settings

This one day workshop aims to raise awareness about the benefits of Advance Care Planning to ensure that everyone with a life limiting illness has the opportunity, if they wish, to have early ongoing conversations about end of life care as part of their treatment plan. It also aims to enhance and build upon good practice of staff that provide care to service users in their own home or a residential care setting in order to help in meeting their end of life wishes by introducing advance care planning to promote a good death.

Course Date	Venue
22 March 2017	Ritson Lodge Care Home, Hopton on Sea
21 April 2017	Edith Cavell Building, University of East Anglia, Norwich
8 May 2017	West Suffolk House, Bury St Edmunds
18 May 2017	Black Tiles Learning Centre, Martlesham
