The I2I job shadowing placement request came directly from

- a senior manager or Education Lead in my organisation
 - my Line Manager
 - the Participant

I understood what the I2I initiative was hoping to achieve through the job shadowing

I understood what the Participant was hoping to learn through the placement

I found the Participant to be professional in

- their approach to making the arrangements for the placement
 - their behaviours during the placement

I was able to support the job shadowing request with minimal disruption to my role

I enjoyed the experience of hosting the job shadowing placement for the Participant
