

Dear provider

Following the successful launch of the national recruitment campaign 'Every day is different' in Adult Social Care, we've seen a good response from candidates looking to move into the sector. As such we will shortly be launching our own local campaign to continue this work for the providers in Norfolk. This is a great opportunity to get involved and promote working in social care, encouraging more people to join the sector locally and in turn reduce your vacancy levels.

We will be utilising the Norfolk Care Careers website <https://www.norfolkcarecareers.co.uk> as a recruitment platform for candidates to find out about the range of job opportunities on offer and different career progression routes within the sector. As such please can I request that you load all of your job vacancies onto the site as soon as possible. Please continue to update this with any new vacancies so we can encourage as many applicants for your positions as possible.

Uploading vacancies is simple and free, if you already have a partner login then please see the instructions below.

If you don't have a partner login already then please click the partner login in the top right hand corner and register as a new user so we can get you set up.

Any questions please contact norfolkcarejobs@norfolk.gov.uk
