

### A Care Association for Norfolk

Work on the shape of a new Care Association for Norfolk is gathering momentum. This week we are delighted to welcome our new Market Connectors who, between them, have decades of experience across different care services.

They are:

- Glenn Knight
- Amy Tennant
- Naomi Normal Mujuru-Mvere
- Frank Ursell
- Catherine Evans

Their role is to listen to you and capture views about what a Care Association for Norfolk could achieve, how it could help your work and your organisation, and contribute to positive care provision.

Our Market Connectors will be working closely with the Norfolk Care Association Executive Steering Group and the Universities of East Anglia and Suffolk and will be facilitating the local consultation events being held across Norfolk in early October. If you haven't already signed up, there is still time.

A list of dates and links to the booking system are given below.

## **NEWS**

### **[Consultation announced to improve learning disabilities staff training](#)**

The government has announced a series of measures to address the inequality of life expectancy between people with learning disabilities and the wider population.

9:48am, 12 September 2018: First published.

The number of people aged 85 and over needing 24-hour care is set to double, says a new study, as an expert warns the care system is "at breaking point." (news item from the BBC).
